Title: Micron Component JEDEC Tray Internal Label

Description: Micron is adding an internal label to the side edge of all component trays to enable manufacturing process automation. See below example. Other than the addition of the internal label, there is no change to the tray. Please reference Customer Service Note CSN-16: Micron Component, Module and SSD Packaging on www.micron.com for details.

Before:

After:

Reason: Manufacturing Efficiency

Micron Affected Products: All Micron components in Tray packaging

Target timeline for transition: Products currently ship with the tray label. Transition of all products to the tray label will complete over the next year.
