AOYUE®

Update on AO852A++ and AO852A++220V

The change is cosmetic and won't influence the performance or use of the SKU.
Digi-Key shall have mixed stock of the old and new version which shouldn't cause any disruption.

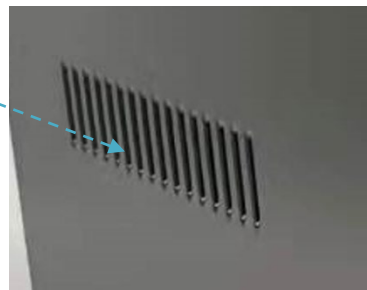

The front panel is now fully black, the sticker has been changed to a metallic finish with protruding outlines.

Metallic silver base with protruding blue outlines for the symbol and letters.

Air vents.
on both sides
