**General Product Description:**  
Superseding of RW-175 -STK and -SP finished goods parts that were transferred to Trutnov CZ from Menlo Park USA in 2019.

**Description of Changes**  
This is a notification for RW-175 tubing from TE Connectivity. The part numbers are changing to reflect a change with the Sales Unit of measure for both stick -STK format and spooled -SP format finished goods items.

**Reason for Changes:**  
Discontinuance. As previously advised in PCN P-19-017128 originally distributed in March 2019. New replacement part numbers have been created for the RW-175 stick (-STK) and spooled (-SP) products that were previously sourced from Menlo Park USA. This change has had to be made due to Sales Unit of Measure differences. The sales uom for STK parts will change from FT to PC, and the sales uom for SP parts will change from FT to M. This change is being made with immediate affect.
