

8th April, 2015

To: Valued Customer

From: Littelfuse Product Management

Subject: 0463040.* status

With regards to the above reference, Littelfuse will not be releasing the 40A for the 463 series. Littelfuse would continue to make the other ratings like 15A (0463015.ER), 20A (0463020.ER), 25A (0463025.ER) and 30A (0463030.ER).

Please obsolete the 0463040.ER from the system.

Best regards,
Daniel Wang
Director
Global Product Management
Electronics Business Unit
