

DisplayPort 1.2 to HDMI Adapter Cable, DP with Latches to HDMI (M/M), UHD 4K x 2K/1080p, 6 ft.

MODEL NUMBER: P582-006-V2

Converts a DisplayPort v1.2 audio/video signal for display on an HDMI monitor, projector or television.

Description

The P582-006-V2 DisplayPort 1.2 to HDMI Adapter Cable connects a DisplayPort computer to the HDMI port on a monitor, projector or television. With a latching DisplayPort male connector on one end and an HDMI male connector on the other, this cable requires no separate adapter. It lets you use your existing HDMI display instead of buying a new DisplayPort monitor.

Ideal for displaying crystal-clear video on a large monitor or digital sign, this cable supports Ultra High Definition (UHD) video resolutions up to 3840 x 2160 (4K x 2K), as well as rich, full audio (if your DisplayPort card supports audio passthrough) and HDCP (High-Definition Content Protection). This in-line passive adapter is designed for use with Dual-Mode (DP++) DisplayPort graphics cards.

Gold-plated connectors and contacts ensure excellent conductivity. The Displayport plug latches to the port to provide a secure connection. Integral strain relief ensures the cable and molded connectors last a long time.

Features

Send High-Quality DisplayPort v1.2 Audio/Video Signals to an HDMI Display

- Connects DisplayPort computer to HDMI-enabled monitor, projector or TV
- Ideal for displaying video on large monitor or digital sign
- HDMI 1.4 compatible and latching DisplayPort male connectors
- No separate adapter required

Vibrant, Superior Video Quality

- Supports Ultra High Definition (UHD) video resolutions up to 3840 x 2160 (4K x 2K) @ 30Hz
- Supports 7.1 Audio Surround Sound and HDCP
- Perfect for use with Dual-Mode (DP++) DisplayPort graphics cards

Superior Materials for Superior Performance

- Gold-plated connectors and contacts for excellent conductivity
- Latching Displayport plug for secure connection
- Integral strain relief for long life

Specifications
