3 Description

The u-connectXpress software version 8.2.0 for the ODIN-W2 series of Wi-Fi and Bluetooth multiradio modules has now been released. A complete description of the software, including new features and bug corrections, is provided in the release note [1]. The AT commands manual [3] has been updated accordingly.

4 Schedule

u-connectXpress v8.2.0 and related documentation is released and now available for download at u-blox.com

5 Customer impact and recommended action

A review of the software updates described in the release note [1] is advised.

u-connectXpress 8.2.0 can be flashed to any existing ODIN-W2 module.
