Subject:	Product Change Notification		
Distribution:	Global		
Type of Change:	Materials Change		
Change Description:	Resin material change from Technyl A20V25(10031161) to Zytel FR50 (16-503-036) for 8614 unshrouded headers		
Reason for Change:	In order to further strengthen customer support and to provide a better service, we propose to change resin material used for 8614 unshrouded header housings from Technyl A20V25(10031161) to Zytel FR50 (16-503-036). The proposed product, with changed material has been tested and found to retain all its mechanical and electrical properties as that of existing one. This change will have no impact in the form, fit & function of the end product and there would be no change in FCI Part numbers.
