

Designed to tighten F Connectors, this patented indoor torque tool is perfect for connecting COAX connectors to consumer electronic devices with the proper amount of torque every time. This torque tool features the following:

- Small and compact for getting into tight spaces: 1 3/8" tall and 7/8" diameter
- Glass filled nylon material "work hardens" with use, meaning the applied torque does not decrease over time
- Tightens F connectors to 8 to 12 in-lbs of torque, while tightening with fingers only produces 1 to 3 in-lbs of torque
- Consistent torque always applied, regardless of the installer
- Prevents over-tightening of connectors, eliminating damage to equipment
- Prevents service truck rolls caused by loose connectors
- Helps prevent signal loss during ingress or egress

SPECIFICATIONS

HEAD TYPE	Full
SIZE	7/16" (11.11mm)
TORQUE	12 inch-lbs (1.36 N-m)
DIAMETER	7/8" (22.23mm)
HEIGHT	1 3/8" (34.93mm)
WEIGHT	0.035 lbs (15.87g)
UPC NO.	811490017306
PATENT NO.	7347129

MADE FOR LIFE®
