

Product Change Notification

TE Connectivity

Product Change Notification: P-21-020967

PCN Date: 27-MAY-21

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
FPC and FFC Connector

Description of Changes
Add an alternative resin that can be used in the short term to bridge the supply gap of the normally used resin.

Reason for Changes:
Product improvement. Dear, Valued customer. As you know the world is currently experiencing a global resin shortage. The shortage will impact the products in this PCN. In an effort to mitigate disruptions to your supply chain we have identified and evaluated an alternative resin that can be used in the short term to bridge the supply gap of the normally used resin. There should be no performance differences between the current resin and the short term alternative. When supply returns to normal we will change back over to the current resin. Due to the extreme shortage the last shipment date using the current resin will be 6/01/2021. The last order date using the new resin will be 5/28/2021. The uninterrupted delivery of product will be based on how fast we can receive approval of the new resin from you all. Keep in mind identical parts made with the new resin will continued to be shipped after approval. There is no technical or dimensional change.

Estimated Dates:	
Last Order Date (Obsolete Parts Only):	First Date To Ship (Changed Parts Only):
	01-JUN-2021
Last Ship Date (Obsolete Parts Only):	Last Date for Mixed Shipments: (Changed Parts Only):
	No Mixed Shipments
