Re: WAGO 750/753 series PROFIsafe Dash 003 Modules End of Life

Dear Sir or Madam,

WAGO's Automation platform was first launched in 1995 and we continue to expand the product line with new controllers, couplers and I/O modules. Ultimately, we know the life cycle of each specific product is not endless. The current market situation for semiconductor components together with a component discontinuation unfortunately means that the products listed below will be discontinued as of September 1st, 2022.

Background of discontinuation: Product and component shortages due to global supply chain issues.

Products/Versions being discontinued:

Article number	Article description
750-661/000-003 753-661/000-003	4FDI 24V PROFIsafe V2 iPar
750-662/000-003 753-662/000-003	8FDI 24V PROFIsafe V2 iPar
750-667/000-003 753-667/000-003	4FDI/4FDO 24V/2A PROFIsafe V2 iPar
750-666/000-003 753-666/000-003	4FDI/2FDO 24V/10A PROFIsafe V2 iPar;

Last call date:

We have set December 31, 2022, as the last call date for these items. The Last Call Date is the last order date in which you can still order the items. After the last call date, a new order can no longer be processed.

Last delivery date:

We have set June 30, 2023, as the Last Delivery Date. All orders received by the Last Call Date will be delivered by this date.

Alternative options:

Alternative WAGO products aligned with your profile of requirements regarding functionality, geometry and characteristics may replace the discontinued WAGO items.

The new products are, for the most part, functionally compatible. However, they may have different electrical and physical parameters.

Due to the tight component market, delivery of the successor products is scheduled for Q1/2023. However, we ask for your understanding that we reserve the right to reduce quantities and reconfirm to the successor types if necessary.

We are currently able to fulfil orders for the types affected by the discontinuation that were already placed before the discontinuation date. Should anything change in this regard, we will contact those customers directly.

Please ask a WAGO representative to help you select an alternative or contact our technical support line at 1-800-DIN-RAIL.

Sincerely,

WAGO Corporation
