# Product Change Notification

**PCN Publish Date:** 03/15/2010

**PCN#:** 347

**Change Title:** SMD Crystal Materials Changes

## Products Affected:

Model Number	Fox Part Number
FQ3225B	820 - Frequency-xxxxx
FQ5032A	738A - Frequency-xxxxx
FQ5032B	738B - Frequency-xxxxx
FQ1045A	735A - Frequency-xxxxx

\*(xxxxx = random number.

For more information on Fox part numbers, see <http://foxonline.com/onefamilytype.asp> on the Fox website.)

## Description of Change to the Customer:

To establish multiple production facilities as a safeguard against supply chain interruption, and to allow us to offer the best possible lead times and pricing, we are expanding our production process for the above products to include resin sealed ceramic packaging as well as the current all quartz packaging. Any parts ordered in the future can be either quartz or ceramic package material. The model and part numbers will be the same for quartz and ceramic packages.

**Electrical and dimensional specifications are the same for both package materials and are unchanged from current FQ series specifications.**

Product can still be provided in all quartz packaging only for any customers who can accept only all quartz. Pricing and lead time flexibility may be affected however.

**Schedule of Change:** Change is effective immediately.

**Customer Impact and Response:** We sincerely hope this change will have minimal impact on our customers. If you have any questions or need technical assistance, please email Fox Technical Support at [www.foxonline.com/email.htm](http://www.foxonline.com/email.htm) or call 239-693-0099.
