

Product Change Notice (Rev 3.1)

PCN No.: 21-0027

Issue Date: 21 Dec 2021

Type of Change: Part Number

Description of Change:

All part numbers will have a prefix "V" added to the front of the part number. Example: Z30C1T8219731 will become VZ30C1T8219731
The specifications of the parts have not been changed in any way. This revision is reflected in the revisions page of the data sheet of each part.

Reason for Change: Re-branding

Products Affected: ALL

Implementation:

Change is effective immediately. We will accept purchase orders that have either the old or new part # through **31 Jan 2022**. Starting **1 Feb 2022** all purchase orders must have the new part #. For new and existing Purchase Orders that use the old part #, we will reference both the old and new part # in our Invoice documentation. PO's using only the new part # will only have the new part # on our documents. For future reference, our website will list both the old and new part numbers.
