**Product Change Notice**

Type of Notification: Changing Chassis

This is to advise you that the following products will be changed.

**1. Product Being Changed (All part numbers that start with followings)**

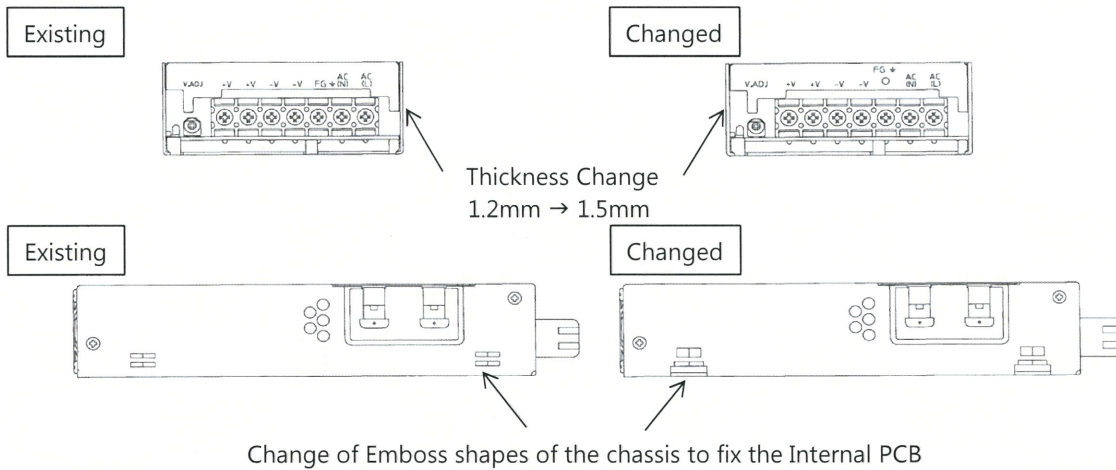

PLA300F-□

**2. Description of Change**

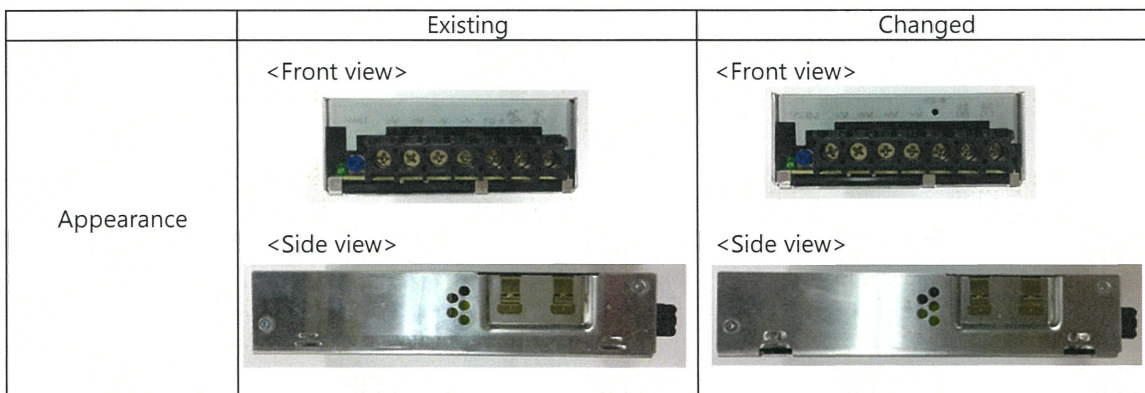

The metal cases (Cover and Chassis) of PLA300F will change as shown in Table 2.1 in order to improve procurement availability. These changes do not impact the electronic, the mechanical specification and the safety standard compliance.

**Table 2.1 Components changed**

#	Components	Description	Notes
1	Upper metal case (Cover)	A place of the FG punch mark moves to the upper area.	
		The screw hole is added beneath the FG punch mark.	
2	Lower metal case (Chassis)	The thickness changes from 1.2mm to 1.5mm.	
		Emboss shapes of the chassis to fix the internal PCB change.	

**Fig. 2.1 Drawing Comparison between Existing and Changed**

**Fig. 2.2 Appearance Comparison between Existing and Changed**

**3. PCN Effective Date**

This is a running change, and will begin on January , 2018. Please be advised that the schedule may be changed without prior notice due to stock availability.

**4. Who to Contact at Cosel for Questions**
