PCN (Product Change Notification) reference: **2018/06**

Subject: **Knowles Cazenovia Voltronics Manufacturing Relocation**

Dear Customer,

This notification letter is to advise you that the Knowles Voltronics manufacturing capability will be consolidated in our Dominican Republic facility. Currently manufacturing is split between our Cazenovia, New York facility and our Dominican Republic facility. After the consolidation process is complete, we will be manufacturing all non-ITAR restricted multi-turn product in the Dominican Republic. This will include assembly of multi-turn trimmer capacitors, non-magnetic multi-turn trimmer capacitors and microwave tuning elements.

The Voltronics manufacturing process (machines, methods and materials) will be gradually transferred from Cazenovia to the Dominican Republic starting in May 2018. The transfer is expected to be completed before the end of 2018.

In addition, the ship from location for all Voltronics products with the exception of ITAR restricted items will change from Cazenovia to the Dominican Republic. An additional notification will be provided.

There is no change to other Voltronics manufacturing locations, suppliers, materials or processes.

Please note that this PCN does not relate to any other products.

If you require further information, please contact your Knowles Precision Devices customer service representative.

Yours Sincerely

Matt Ellis  
Product Manager
