Subject: End of Life of AS1320, AS1321, AS1325

Dear valuable customer,

Due to very low demands on the products AS1320, AS1321 and AS1325 ams did not run any production since 2007. Additionally we were informed that the assembly process (Flip-Chip SOT) was not supported from our Supplier any longer.

Based on these limitations we regret to inform you that we are unable to support these products for future production. Unfortunately we can not offer a pin-compatible replacement. In terms of functionality the products AS1322 or AS1329 might be appropriate.

We are very sorry for any inconvenience caused to you.

Best regards
