

QUALITY ALERT: PRODUCT RECALL

QAlert-000135

Date: April 8, 2022

P1/2

Semtech Corporation, 200 Flynn Road, Camarillo CA 93012

Recall Details

Recall Notification:

Semtech Corporation has reported an issue with the product identified below which has been shipped to you. The shipments could contain discrepant devices. Semtech is advising you of this discrepant product and instructs you to contain all material subject to this alert. You should immediately cease using the discrepant devices and contain any of your products that may have used this material.

Part Number(s) Affected:

- **SX1302IMLTRT**

Customer Part Number(s) Affected: N/A

Recall Description:

- **Problem / Issue:**
- Due to a misunderstanding in the final disposition of a wafer lot, 471 parts with duplicate IDs were shipped to customers; the affected wafer lot is HJ0051100A, the affected assembly lots 384211 & 384221, date-code 2146 (marked on the parts and on the reel labels).
- Note that the lot numbers on the labels could be sublots, of the format 384211.xx or 384221.xx.
- The duplicate ID has an impact if:
 - it is used to identify a gateway in a network AND
 - both gateways with the same duplicate ID are used in the same network.
- If the duplicate ID has an impact:
 - If you have unused/unmounted parts from the above 2 lots: please return to the addressed listed below for replacement.
 - If you have parts mounted in systems from the above 2 lots: please check whether the ID is readable and is in the attached list (refer to file SX1302 List of duplicate IDs.xlsx), and please return to the addressed listed below for replacement/credit.
