Product Discontinuation

PDN-PCC-8380-2022

Business Unit	Product Line Code	Type of Change	Action	Date of Issue
PCC - PCB Connectors	AAX	Product Discontinuation	Notify Distributors and Field	12/1/2022

Phoenix Contact's factory has announced the following product(s) is going to be discontinued. Existing specifications will be met or exceeded. Technical support of the discontinued product will continue, as required. Please review and acknowledge this document and take the appropriate action with respect to your existing inventory and ordering replacement parts.

Description for Product Discontinuation

As part of the ongoing improvement process, Phoenix Contact has decided to discontinue the FP 1,27 series items and replace them with the new FR 1,27 series items. The new items are 100% layout and plug-in compatible and can be used in mixed combinations. The FR 1,27 series items have significantly improved technical properties (such as higher current carrying capacity, high-speed data transmission with up to 28 Gbps, and more position counts). Comparative drawings are available for all products upon request. The changeover to the new FR 1,27 series items will take place based on the stock levels of the existing FP 1,27 series items. Once the FP 1,27 stock has been sold off, the existing item numbers will be linked to the corresponding item numbers of the new FR 1,27 series.

Stock Status

Can existing stock still be used?	Yes
Is mixture of stock acceptable?	No

Transaction Dates

Last Buy from Phoenix Contact:	3/1/2023
Last Scheduled Ship from Phoenix Contact:	7/1/2023

Should you have any issues with the timeline or content of this product discontinuation, please contact Phoenix Contact using the information below. Customers should acknowledge receipt of the PDN within 30 days of delivery of the PDN; provided, however, that the failure to acknowledge receipt does not affect the product discontinuation or the effective date thereof.
