To Sanyo Denki America Cooling Distributors

**Notice of Production Discontinuation**

The purpose of this notice is to inform you that some of our products are being discontinued for the following reasons.

- (1) Production discontinuation of the fan motor driving IC (NJM2640).
- (2) Demand for products using the above IC has decreased.

We tried to negotiate with the drive IC manufacturer to continue production, but we could not get an agreement. We have decided to discontinue production of some products that use this drive IC. Therefore, if you plan to use the applied model in the future, please inform us of the required quantity for the last order by the following date. Furthermore, there are no available replacements for this product. We appreciate your understanding and cooperation.

Thank you.

Attached data: List of Discontinuation Models

Date of the last order: September 1st, 2021

Sincerely yours,

Issued By

Toshiki Kobayashi
