2 Reason for discontinuation

u-blox has decided to announce the end-of-life for the above listed products. Reason is the EOL of the cellular chipset and memory used by the modules.

3 Recommendation

u-blox recommends to migrate to the newer SARA form factor, specifically to the SARA-G340-02S (if a dual band solution is enough) or to the SARA-G350-02S (if quad band is required). The SARA-G3 product line uses state of the art components and comes with enhanced performance and quality.
