Product Change Notification

1. ECR #: 211592
Notification #: 628

2. Date of Announcement: March 23, 2022

3. Series:
• SESDT - 0.80MM SOCKET DISCRETE WIRE ASSEMBLY

4. Part #'s Affected
• SESDT-XX-XX-X-XX.X-LX

5. Description of Change:
The SESDT product will use a stamp on the connector body as verification of the part having been electrically tested. The electrical test stamp will be used in place of the current adhesive label on the cable indicating the electrical test.

6. Method of Identifying Change
The current SESDT product utilizes an adhesive label, attached to the cable, to confirm the part has been electrically tested. In contrast, the new electrical test label will be a stamp located on the connector body.

NEW ELECTRICAL TEST STAMP ON THE CONNECTOR BODY.

OLD ELECTRICAL TEST LABEL ON THE CABLE.

7. Reason for Change:
The electrical test verification label is changing from an adhesive label to a stamp to improve product quality and removing label that could potentially limit application airflow.

8. Impact of Change on Form, Fit, or Function:
• Form - The electrical test verification label is changing from an adhesive label to a stamp on the body.

9. Projected Implementation Date: June 21, 2022

Disclaimer

Please review the change notification details listed above for specific information regarding the nature and timing of the change. While Samtec has taken precautions to ensure this change is not detrimental to your application, each application can be unique and therefore customers should consider the effect of the change on their specific application.

Samtec has taken efforts to ensure that all users of this product who have requested change notifications have been informed. However, you should assume that this is the only notification that will be sent and you, as the recipient, must determine how to communicate this information to your organization(s) and customer(s) as appropriate. If you wish to opt out of receiving Samtec Product Change Notification emails, please contact CustomerECN@samtec.com. Due to technical progress, specifications are subject to change without notification and it is recommended to provide an alternative contact when opting out.

Please contact Samtec at CustomerECN@samtec.com for any questions related to this change.
