

Issue Date: March 3rd, 2020

Dear Valued Customer,

This notice is to inform of changes in the supply chain of select item(s) you have purchased from Littelfuse.

Description of the Change:

- Littelfuse will be transitioning a supplier of select molded internal components (terminal insulators and holders) from one vendor to another (current) Littelfuse vendor.

Reason for The Change:

- The legacy vendor that we will be exiting no longer supports the production and commercial requirements to supply to Littelfuse. The vendor to whom we are transitioning this production currently supports Littelfuse with supply of similar products and meets these requirements.

Effective Date of the Change:

- This transition is targeted as a running change, effective July 2020.

What You Need to Do:

- As we near our expected transition of vendors, we will be building a stock of components to prevent interruption to supply of components, and thus finished goods. As we exhaust this stock, we will begin fulfilling orders according to the changes outlined above.
- These changes will run from new toolings, but there will be no impact the fit, form, function, or delivery of your finished goods.

For any questions, please feel free to reach out to either your Littelfuse Customer Service Representative or Inside Sales Representative.

We appreciate your continued partnership and business.

Sincerely,

Zachary Naughton
Global Product Manager
Littelfuse Commercial Vehicle Products
