Distinctive Packaging For Quality Brands And Products™

Anti-Static Slim Line™ Box

Flambeau INC. is pleased to introduce the **Anti-Static Slim Line Box** which has been engineered to protect ESDs (electrostatic-sensitive devices). The **Anti-Static Slim Line Box** is manufactured with static dissipative material protecting computer cards, chips and circuits from harmful static electricity. This innovative product adds a valuable option to the **Slim Line** series of boxes, with an ESD protection range of $1 \times 10^6 - 1 \times 10^{10}$.

The **Anti-Static Slim Line Box** features include:

- Static dissipative material
- Mechanical hinge
- “Slim” 1/2 inch depth
- Open core compartment
- FOB: Phoenix, Arizona
- MADE IN THE USA
