

PRODUCT CHANGE NOTIFICATION

Date: May 29th, 2020
PCN: PCN LEDIL 163

Subject: PCN 163 - Change of adhesive tape material

Description: As part of our continuous improvement process regarding availability of our products, LEDiL will change the 0.4 mm thick polyurethane foam tapes to acrylic foam tape. The old tape, that has been used in our product assemblies, is not available as it has been suspended by the tape manufacturer. Based on extensive testing the new adhesive tape will perform as well or better than the previous adhesive tape.

Timeline: This change is valid immediately, but we will deplete old stock first.

Changes: The 0.4 mm thick polyurethane foam tapes will be changed to acrylic foam tape for the following products listed in this PCN.

NEW TAPE

OLD TAPE

LEDiL Acrylic tape document:
