Description of Changes

The EU versions of the E12 SNAPconnect gateway and associated UK power supply along with the E12 board level products listed above has been transitioned to End of Life and will no longer be offered for sale. See below for recommended alternatives.

Reason for Change

There has been little demand for these products and hence it no longer makes sense to maintain production or inventory.

Recommended Alternative Product(s)

Recommended alternative products include the SC012-010 North American E12 Gateway which can be certified for CE compliance by limiting the maximum transmit power of the end product built with this product to CE compliant levels. CE compliant settings and UK compatible power supply recommendations available upon request at <https://support.synapsewireless.com/>
