

T-2 Slide Based LED Replacement Lamp

Direct incandescent replacement LED lamp that delivers reliable, long life and preferable indication. The T-2 slides based LED is perfect for industrial indicator lights and functions as an LED pilot light bulb.

Lamp
T-2 Slide based

LED replacement for incandescent lamps in a variety of colors and voltages.

Base
ANSI #2, ANSI #5, T5.5 Telephone slide base

Designed for quick installation and reduces overall cost due to less-frequent replacements.

Single LED Color
Red, amber, green, orange, blue, white

Available with a variety of LEDs and provides low energy consumption, fast on/off cycling, low heat generation, and long operating life.

Bi-Color LED
Red/Green

Low power consumption - uses up to 90% less energy than an incandescent lamp.

Operating Voltage
2-60 VDC or 120VAC

Offered in a range of various bases (ANSI #2, ANSI#5, T5.5 telephone slide base) and mounts directly into industry standard socket.

Compliance
RoHs, REACH

Ideal for mission critical applications and is available with built-in diffuser for wide angle viewing.

Product Specification

- T-2 Slide based lamp (light bulb)
- Voltage: 2-60 VDC or 120VAC
- Base: ANSI No.2, ANSI No. 5, T5.5
- Available in six LED single colors: red, amber, green, orange, blue, white
- Available in one bi-color: red/green
- Low power consumption - uses up to 90% less energy than an incandescent lamp
- Single chip based LED
- Direct incandescent replacement
- Available with built-in diffuser for wide angle viewing
- Mounts directly into industry standard socket
- Operation temperature: -30C to +60C
- Storage temperature: -40C to +100C
- Low heat generation, LEDs operate significantly cooler than traditional lamps
- Designed for quick installation and reduces overall cost due to less-frequent replacements
- Reliable, fast on/off cycling, shock resistance and long operating life
- Compliant with RoHS and REACH

Applications

Power System

Industrial Equipment

Signal Indication

Power Plants

Part Numbers

2SB
ANSI No.2

5SB
ANSI No. 5

55SB
T5.5
