Product/Process Change

Product Termination

Internal Update

Description and Purpose of Change(s):

Upgrade the header/carrier to better accommodate our manufacturing capabilities. The new header/carrier and the old header/carrier provide the same foot-print/LAND layout. The new header is .010[.25mm] longer and supports four terminals. Reference the attached diagram for physical differences.

Impact on Form, Fit, Function, Quality or Reliability:

This upgrade will have no effect on the function, Quality or Reliability of the part.

Changes will be implemented on all product starting with date / date code: 1829 .

The following order (s) may be affected by the above change (s) being made.

Part Number	Sales Order #	Purchase Order #	Quantity	Ship Date
