

# Product Discontinuance Notice - PDN 21\_0135 Rev. B

Analog Devices, Inc. One Analog Way, Wilmington, MA 01887

This notice is to inform you of a product discontinuance for certain ADI products (see Discontinued Parts Material List below). Any issues with this PDN must be sent to ADI as soon as possible. The information contained within this PDN is considered proprietary and should not be shared outside of your company. ADI contact information is listed below.

**PDN Title:**

Discontinuation of ADIS16448

**Publication Date:** 09-Mar-2022

**Last Time Buy Date:** 29-Apr-2022

**Last Time Ship Date:** 15-Sep-2023

**Revision Description:**

Extend LTB date with customer acceptance for use of broker parts per PDAA01097 or PDAA01036

**Reason For Discontinuance**

Obsolescence of magnetometer component within the 16448. Shortage is severe, requiring shorter LTB period.

**Comments**

The ADIS16448 contains a magnetometer sourced externally which has been obsoleted. There is no option to replace it. Supply is severely limited, thus the 16448 is being discontinued. The ADIS16446 is a pin compatible option, which does not contain the magnetometer or the barometer.

**Supporting Documents** None

**For questions on this PDN, send email to the regional contacts below or contact your local ADI sales representative**
