

NO: TC-061 **PRODUCT:** E58-CIF USB-Serial Adapter
DATE: December 2013 **TYPE:** Modification Notice

USB Driver for E58-CIF USB-Serial Conversion Cables will be Modified with a Version Upgrade to Windows 8

Used to set up temperature controllers using CX-Thermo software running on a PC, the E58-CIF USB-Serial Adapters play a key role in design, installation and troubleshooting. This modification is a version upgrade to add the driver for Windows 8, and remove the driver for Windows 2000.

Effective date: May 2014 production
