Description of Change:

Due to a worldwide shortage of raw materials include plastic resin material, CTS is taking the proactive approach to qualify and phase in CTS make to secure supply and maintain production activities without breaks in supply chain. The alternative piece parts bearing will be of the same type and grade as the current materials such that CTS is confident that the fit, form, and function of the products will remain the same.

The bearing color be changed from white to black.

CTS Product Series: 285

Reason for Change:

1. Worldwide Supply chain material shortage of plastic resin.
2. Reduce manufacturing lead time due to unstable supply of plastic resin

Implementation Date: Shipment on and after Sept 1st 2022

Notes:

1. CTS performed reliability tests to ensure specification conformity and product performance.
2. There is no change to fit, form or function.
3. Products that have RoHS and REACH certifications will remain in compliance.

CTS thanks you in advance for your business and support in this matter, and we look forward to the continued service of our customers. Should there be any questions or concerns, please reach out to your sales or customer service representatives.

Best regards,
