TE Connectivity

Product Change Notification: E-18-009957

PCN Date: 28-JUN-18

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
Wire terminal assembly

Description of Changes
component, insulation sleeve, change.

Reason for Changes:
Product Improvement. This change is just internal component standerization. now we are using two insulation tubes that is almost same but has different internal part umber. this time we are going to consolidate to one part for manufacturing efficiency improvement. component material and manufacturing location is not changed, and dimension and performance of finished assembly is not changed.
