

# Product Change Notification

## TE Connectivity

Product Change Notification: E-19-003817-C

PCN Date: 03-MAY-19

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

**General Product Description:**

Obsolescence of Versafit V2 metric black parts

**Description of Changes**

This notification is to inform our customers that TE Connectivity is obsoleting VERSAFIT V2 metric black heat shrink tubing. For the need of highly flame-retardant, very flexible, low recovery temperature tubing, SWFR X2 metric black tubing is recommended as an alternative. SWFR X2 is a 125 degree C, 600 volt, VW-1 rated, UL recognized tubing meeting the same requirements of UL224 as VERSAFIT V2. If there are suggested TE Connectivity substitute part numbers or alternate part numbers, they are shown below with any significant difference described. Please verify that all substitute or alternate part numbers provided below are suitable for your specific application. Drawings are available via TE.com. The following part numbers are being obsoleted. A last time buy opportunity is provided as per the dates stated thereafter. Please note that new conditions may apply, please contact your local customer sales representative for a quotation.

**Reason for Cancellation:**

Obsolescence of Versafit V2 metric black parts is not going to be implemented.

**Part Number(s) being Modified:**
