

WB3000 Series

Magnetic Dual Wire Wrist Strap Set

A premium one-size-fits-all wrist strap set with a magnetic connection between the wrist band and coil cord.

The WB3000 Series is a high quality adjustable anti static wrist strap with a 8' or 12' coil cord. The snaps are specially designed magnets which creates a superior electrical connection between the wrist band and coil cords. The magnet snaps eliminate the intermittent failures and wear and tear of traditional snap and spring connections.

The soft, blue woven fabric wrist band allows the skin to breathe and makes it very comfortable to wear. The band uses hypoallergenic silver-plated nylon thread for conductivity and a non-allergenic stainless steel base plate for excellent skin contact. The black coil cord terminates with a 3.5mm stereo plug and includes a 1 meg , molded resistor for safety.

The [WB3000 Series](#) are recommended for use with Transforming Technologies' [Resistance Ranger Constant Monitors](#) and are compatible with most manufacturers' constant monitors*.

Meets or exceeds requirements of ANSI ESD-S20.20 and ESD-S1.1.

Product Specifications

Wrist Band

Fabric: Polyester with silver-plated nylon
 Contact: Two paths, 180 degrees around wrist
 Color: Blue
 Snap: Two 4mm Magnetic Snaps
 Snap Release: 1-5 pounds
 Back Plate: Stainless Steel
 Size: Adjustable - One Size Fits All

Coil Cord

Length: 8 feet, extended/12 feet, extended
 Resistor: 1 meg ohm
 Flex Life: > 50,000 flexes
 Color: Black
 Banana: 3.5mm Mono Stereo Plug
 Snaps: Two

*Compatibility with particular resistance monitors should be verified.

Product Numbers

<u>Item Number</u>	<u>Description</u>
