MI - Marking and Installation	BG1	Product Discontinuation	Notify Distributors and Field	11/16/2020

Phoenix Contact's factory has announced the following product(s) is going to be discontinued. Existing specifications will be met or exceeded. Technical support of the discontinued product will continue, as required. Please review and acknowledge this document and take the appropriate action with respect to your existing inventory and ordering replacement parts.

Description for Product Discontinuation

As we begin to rebrand and expand on our line of mobile printers, the handheld printer, THERMOFOX, is being discontinued and replaced by a new design called THERMOMARK GO.K. All features remain the same, only the color of the face plate and the name and part number are being changed. All accessories from the original THERMOFOX (battery and power cord) can be used and all of the MM-... cartridges can still be used.

This PDN is to announce the discontinuation of the SET. The carrying case for the new GO.K is a locking "L-BOXX" style and is large enough for up to 9 material cartridges. However, the original Thermofox case (#0805002) is still available for separate purchase.

Stock Status

Can existing stock still be used?

Is mixture of stock acceptable?
