Notice of production discontinuance of Aluminum Electrolytic Capacitors
(Low Capacitance area)

We would like to take this opportunity to extend our heartfelt appreciation to you and your esteemed organization for the continuous support rendered to our company.

We have produced an extended range of products with many size variations so as to satisfy customers' demand. However, with regard to the titled series of products, we have been facing great difficulty to continue the material procurement, due to drastic decrease of demand in the market. Therefore, we are obliged to discontinue the production and sales to our customers as stated below:
