## PCN Notification – Process Change Notice

**KOA Product Type:** Move CFS1/4 and Z16 Manufacturing Process in China to Taiwan

**KOA Part Numbers:** CFS1/4 and Z16 Series

**Customer Part Numbers:** Various

**Description of Change:** The manufacturing process in China for production of the CFS1/4 and Z16 Series will be transferred to our factory in Taiwan. Existing production of these series in Japan will not be changed.

**Reason for Change:** Since 2020, the Chinese national standard “GB 30981-2020 restriction on Hazard Substances in Industrial Protective Coatings” was updated. The GB standard does not restrict parts itself, but it limits import of such raw material to China. As a result, we have decided that we have no choice but to transfer production from China to Taiwan.

**Date of Change:** May 2, 2022 (customer feedback required by April 30, 2022)

**Product Identification:** It can be identified by the country of origin indication on the label.

**Quality and Reliability:** Supporting data and samples will be available by April 1, 2022.

Please acknowledge the receipt of this PCN within 30 days.

Lack of acknowledgement of the PCN within 30 days constitutes acceptance of the change. After acknowledgement, lack of additional response within a 90 days period constitutes acceptance of the change. (according to JEDEC Standard JESD46-B)

If you have any questions, please feel free to contact KOA Speer at [pcn@koaspeer.com](mailto:pcn@koaspeer.com).

Regards,

Brent J. Jackson
