Reason for Changes:

Dear Customer, we hereby inform you about a transfer of processes. The transfer follows a strict procedure, which fully maintains quality, ability to supply and form-fit-function of the concerned products. A TE-internal release test based on the relevant part specifications will be executed before delivery. As part of the production move, we will start to ship RT-3 products on 6th November 2017 from the Shanghai facility. After this date TE reserves the right to provide qualified products from any of the manufacturing locations during this transfer until the final closure date of Menlo Park location by the end of 2019. As not all part numbers will transfer at the same time customers may still receive products from the Menlo Park location after this transfer date due to the inventory we will carry to allow this transfer to happen and to minimize impact to our tubing customers.
