End-of-Life Retraction
December 11, 2013
PCN1024A

Dear Valued Customer:

Upon re-evaluation of the potential IXYS Integrated Circuits Division's LIA120 and LIA130, Optically Isolated Error Amplifiers business, a decision has been made to retract the previous EOL Notice: PCN1024.

The LIA120 and LIA130 devices will be available and in full production end of March 2014 and orderable January 2014.

Regards,
Steve Andrezyk
Director of Marketing

End-of-Life Notification
September 17, 2012
PCN1024

Dear Valued Customer:

As part of our on-going product lifecycle management process, we have identified the following products that will be transitioned to an "End-of-Life" status. This decision was based on our review of historical unit shipment volume and product revenue performance. Products targeted for end-of-life will be available for a last time buy purchase prior to being made obsolete. The products identified for inclusion into our Last Time Buy Program are the following Optically Isolated Error Amplifiers.

- LIA120
- LIA130

There is no direct replacement for these devices.

Under the terms of the last time buy program, orders will be accepted for 6 weeks commencing with the date of this notice after which no additional orders will be accepted. Scheduled deliveries will be permitted within 3 months of the last time buy date. Thereafter, these products will be considered obsolete and no additional deliveries will be made.

Acceptance of last time buy orders is subject to product availability and at the discretion of IXYS Integrated Circuits Division.

Every effort will be made to fulfill these orders. Purchase orders for these products will be considered non-cancelable, non-returnable (NCNR). If you have any questions concerning this End-of-Life notification, please contact your Clare representative.

Regards,
Steve Andrezyk
Director of Marketing
