

PRODUCT CHANGE / END OF LIFE NOTICE

October 9, 2015

Dear Valued Customer,

The Alpha Wire portfolio requires regular maintenance to ensure our products continue to offer the most updated features and benefits, in addition to the highest quality. As you are aware, there are many reasons which cause a product to require a change or to reach an end-of-life status. These reasons include when products mature and are replaced by new technology, changing industry standards, lack of demand from the market, significant changes in the product itself, or the technology has come to a point where it is no longer cost effective.

As part of our regular product life cycle management activities, the product line including **M3601, M3605, M3611, M3633, M3635** in all colors and put-ups have been identified for obsolescence, effective immediately. Alpha Wire can still support these products as specials; minimum order quantities and exceptions may apply.

Should you have any questions, please feel free to contact your Alpha Wire representative or channel partner.

Sincerely,

Hillary Riden
Product Specialist
Alpha Wire
