Re : Product Discontinuation Notice

First of all, we would like to thank you very much for your continued patronage toward TDK products. This letter informs your company that TDK Corporation is planning to discontinue the manufacture of the certain products we have been currently shipping to you.

Due to product profitability or products elimination and consolidation, we had to decide to discontinue manufacturing the products listed below.

This list not only shows cross-reference between your part number and our part number for each of end-of-life products, but also exhibits TDK part numbers of recommended alternative products wherever available.

We deeply regret to inform you of this discontinuation. However, because of above reason, please let us ask you for considering replacement with TDK's alternative product wherever possible. If there is no TDK's alternative product available, then we have to ask you to kindly look into other sources in the market.
