

## Reactivation Notification

202206012RN : Reactivation of NVT4555UK and NVT4857UK

**Note:** This notice is NXP Company Proprietary.

**Issue Date:** Jun 24, 2022 **Effective date:** Jun 25, 2022

Here is your personalized notification about a NXP general announcement.  
For detailed information we invite you to view this notification online

### PCN Overview

#### Reactivation Information

---

A PCN will be issued when the new ball material is qualified. Estimated qualification and release in Q1 of 2023.

This Reactivation Notice announces to our customers and partners that NXP Semiconductors (NXP) is reactivating the manufacture of a number of its integrated circuits and discrete semiconductors announced on previous Discontinuation notices and listed in the Part Type Affected list included with this notification.

NXP Semiconductors Standard Terms and Conditions apply. NXP Semiconductors sales, marketing and distribution personnel stand ready to assist you in placing your orders or in providing product information you require. On behalf of NXP Semiconductors, we appreciate your continued business and look forward to serving your company semiconductor requirements in the years to come.

#### Reason

---

Due to strong customer response and finding a new ball material, we will reactivate these two parts.

#### Contact and Support

---

For all inquiries regarding the ePCN tool application or access issues, please contact NXP "Global Quality Support Team".

For all Quality Notification content inquiries, please contact your local NXP Sales Support team.

For specific questions on this notice or the products affected please contact our specialist directly:

<b>Name</b>	Bob Gee
