DESCRIPTION AND PURPOSE OF CHANGE:

In order to enhance the product reliability, Würth Elektronik will change the plastic raw material of the product

Products after product change with effective date of August 18, 2019 are available with Date Code 2019-08-19.

DETAIL OF CHANGE:

Material will be change from PA to LCP in order to meet high temperature (260°C) soldering profile for Reflow soldering process according to JEDEC J-STD-020.

Previous PA were supposed to meet high temperature requirement but on some batches it doesn't.

RELIABILITY / QUALIFICATION SUMMARY:

Process / Product approval is according to internal requirements released by the Total Quality Department and the Product Management Department
