Method of Identifying Change

Before Change

After Change

- For increased capacity Molex is adding a second supplier for the XRC 18-14 circuit Coupling Ring
- No impact on fit or function.
  - > The XRC 18-14 Coupling Ring has been modified to incorporate (3) sight holes, for the benefit of visual confirmation of coupling.
  - > knurl modifications offers the benefit of better gripping of the connector and will have a slight impact on form. Both these features are cosmetic
- This supplier is a qualified Molex Supplier of the XRC 24-31 circuit Coupling Ring.
- See attached impacted parts list
- Qualification and samples are available after the dates listed.
