

Product /Process Change Notification

PCN-20170044

issued date: June 2017

Subject:

Additional a manufacturing site for SMD ChipLED C190/C191/C193 product families in Changzhou, China

Description of change:

In line with strategic growth, Lite-On Technology Corporation will add an additional site (Lite-On Changzhou factory, China) to expand SMD capacity for improvement in manufacturing efficiency and delivery performance. There would be no differences in materials used as compared to that of the currently approved Lite-On SMD production line.

With existing Tianjin factory and the additional Changzhou factory, Lite-On will continue to ensure better product quality, lead-time and delivery schedule to our customers.

Classification of change:

Production line expansion.

Reason for change:

Capacity expansion to improve delivery.

Expected influence on quality/ reliability/ performance:

Lite-On remains same materials in both Tianjin and Changzhou site
No effect on product quality and performance.

Affected part numbers/ series/ families:

C190, C191, and C193 packages

- LTW-C190/ LTW-190 series
- LTW-C191/ LTW-191 series
- LTW-C193/ LTW-193 series

Effective Date of Change:

Shipment delivery from Changzhou factory will start from Oct. 1 2017.

Product /Process Change Notification

Sample availability

Samples from Changzhou Factory will be available on request from Sep. 1 2017.

Response date:

This PCN is considered approved, without further notification, unless we receive specific customer concerns before Sep. 1 2017.
