RE: Duster and Freezer

To whom it may concern:

We are excited to announce that Techspray duster and freeze spray products will now have a lower global warming potential thanks to a slight formulation change, the addition of a small amount of HFC-152a. The product will continue to have the same exceptional performance and safety.

You can identify the correct SDS by the reference number, which is included in the document name and in section 1. The lot # printed on the bottom of the aerosol can will either match or be higher.

Marked 22075 or higher: part #

- Freezer 1672-15S

Marked 22346 or higher:

- Duster 1671-10S, 1671-15S, CAN1671-10S, CAN1671-15S
- Vortex 360 Duster 1697-8S
- Vortex Duster 1697-10S
- Freezer 1672-10S

Please feel free to contact me if you have any questions or concerns.

Best regards,

A handwritten signature in black ink that reads "Saroj Yadav". The signature is fluid and cursive, with the first name "Saroj" and last name "Yadav" clearly distinguishable.
