Product:	Metral Header Power Right Angle HM1K-series	Part Numbers Concerned:	See attached list
Product Manager:	F. Lahoreau	Issue Date:	Nov 3rd, 2008
		Page(s):	1/1
Distribution:	Active and Contract Customers		

Subject:

Discontinuation of HM1K-series: Metral Header Power Right Angle connectors.

Nature of Change:

Some year ago, FCI responded to market demand for Right Angle Power connectors within the Metral family. However this market has not reached volumes for economic justifiable runs so that we decided to withdraw related products.

As alternative for 3A blade power contacts we propose using 3 x 1A signal contacts. These signal modules are available from our standard program.

FCI will adjust it's portfolio by year end 2008

Implementation Date:

Last order date: Dec 31, 2008

Last shipment date: Feb 27, 2009.

Affected Part Numbers:

All FCI part numbers starting with HM1K; See attached list for active part numbers

Alternative Products:

As alternative each Power Module can be replaced by a module using signal contacts. There will be no change in PCB footprint but if you change from power contact to signal contact as proposed, you must change both header as well as mating receptacle.

We will be most happy to advice.

Action Required:

Please inform related OEMs and their partners and highlight the option for a last-time-buy before year end.
