

End-of-Life Announcement for the CompactFlash5

Release date: July. 31, 2017

Dear Valued Customers,

Apacer hereby announces the End of Life (EOL) of CompactFlash5 products on Jul 31, 2017, as a result of reacting to limited supply of the Micron MLC 25nm 16Gb, 32Gb, 64Gb, 128Gb NAND flash. We would like to introduce the Industrial CF6A-M which supports higher capacity up to 64GB and the higher sustained read/write performance up to 115/75 MB/sec.

The EOL plan of CompactFlash5 is as follows & alternative solution listed (CF6A-M) below.
