

PRODUCT CHANGE NOTIFICATION

Date Issued: November 8, 2018

Product Identification: Bel 0862, 0867, 08B2 & 08C2 USB Combo ICMs

PCN Number: PC2180124

Reason for Change (s): In an effort to continually improve our product, Bel is pleased to announce an update to the packaging design for the aforementioned product series of ICM part numbers. This change is being made to prevent damage to the parts during transit. The affected part numbers are:

0862 – part numbers beginning with this sequence of digits

0867 – part numbers beginning with this sequence of digits

08B2 – part numbers beginning with this sequence of digits

08C2 – part numbers beginning with this sequence of digits

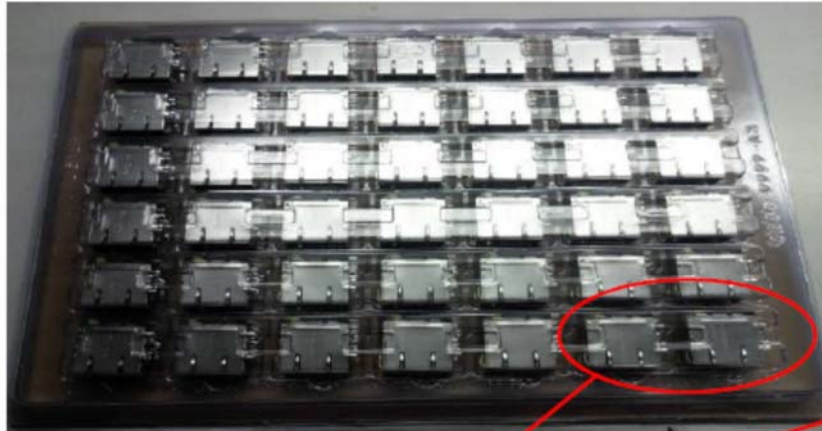

These changes will not affect “form, fit, or function”, nor do they affect any other dimensions or electrical parameters of the part. No other related changes to the above series are being implemented at this time.

Description of the Change (s): Bel is updating the design of the top packaging tray by adding a simple indentation to fix the part between the 2 trays while not disturbing the connector leads.

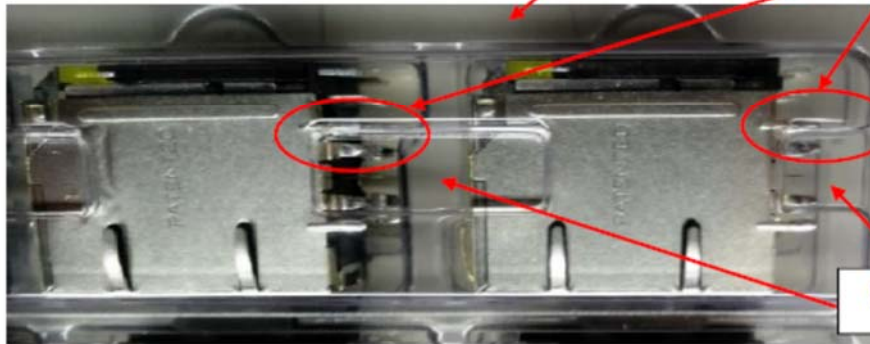

The bottom tray is unchanged. The number of parts in a tray and in a box is not changing.

Please see the details below.

Old

Old top tray: the holder of the top tray is close to the shield pins and will have a chance to have the shield pin deformed by pressure.

Old holder design

New

New top tray: modify the holder design in the tray to avoid touch the shield pins properly. It will be helpful to improve the potential defect and have a better protection for the product.

New holder design

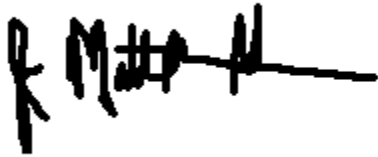

Planned Timing and Implementation of Change: This change will be implemented on any new orders after January 4th, 2019.

Impact on Quality and Reliability: None.

Availability of Qualification Data: None.

Remarks: None.

Signature: John Hess, ICM Product Manager

A handwritten signature in black ink, appearing to read "John Hess", followed by a horizontal line extending to the right.
