

Product Change Notification

TE Connectivity

Product Change Notification: E-19-003360

PCN Date: 07-MAY-19

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

RPII twin contact relays

Description of Changes

Please refer to the Reason for Change and/or consult with your local customer sales representative for further details. The following part numbers are being obsoleted (obsolete status). A last time buy opportunity is provided as per the dates stated thereafter. Please note that new conditions may apply, please refer to the Reason for Change and/or consult with your local customer sales representative for further details.

Reason for Changes:

Discontinuance. Dear Customer, You are receiving this notice because TE Connectivity has record of you purchasing a part or multiple parts on the list below. Within our continued efforts to manage/ optimize our product portfolio throughout the lifecycle, we've made the decision to obsolete the parts stated thereafter. Only the RPII relays with twin contacts are affected, as one of our essential tools for producing these relays is nearing its end of life. Due to low quantities needed, there will not be an investment in a new tool. We will try to offer last time orders of these relays as long as we have components in stock which were already produced by the affected tool. If you need a replacement for your application, please feel free to contact our application specialists, so we can work together with you and find the replacement part that suits best for your application.
