

Product Change Notification

TE Connectivity

Product Change Notification: P-23-023896

PCN Date: 18-JAN-23

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

TE Plug-n-Play QUADRAX Contacts

Description of Changes

Manufacturing location addition. TE Connectivity (TE) will add an additional supplier to gold plate the components of above items, specifically, the components to include: 1. Outer Shells 2. Inner Ferrules 3. Pin Contacts (size 24). The added plating supplier is an existing TE approved, Nadcap Accredited, Plater based in the US. These components will be directed between the internal or external plating source as needed. Plated parts will go through a first article inspection on first time run at the new outside supplier and will follow standard inspections for plating thickness measurement and plating adhesion. There will be no change to the TE Products affecting form, fit, function or performance and no part number changes resulting from adding this supplier.

Reason for Changes:

Dear Customer, as a result of our continuous strive for improving our processes, we hereby inform you about the addition of an external plating supplier as a second source for plating processes. This second source addition is executed by following a strict procedure, which guarantees no negative influence on quality, ability to supply and form-fit-function of the concerned products. These components are currently plated internally at a TE Connectivity site which has experienced increased demand against limited personnel and capacity. Adding the additional external plater will strengthen our supply chain and allow TE to flex workload between plating suppliers to optimize workflow and prevent supply disruptions.

Estimated Dates:

Last Order Date (Obsolete Parts Only):	First Date To Ship (Changed Parts Only):
	27-JAN-2023
Last Ship Date (Obsolete Parts Only):	Last Date for Mixed Shipments: (Changed Parts Only):
	No Mixed Shipments
