

Change Notice

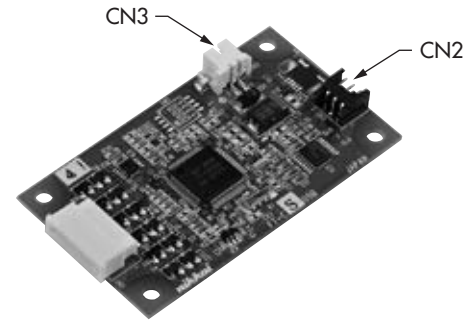

FT Series

Changes to Connectors on Touch Screen Controller Board

Type of Change:

- Engineering Part Number
 Product Appearance

There will be revisions to the connectors for the FT Series Touch Screen controller board for RS232C. The changes will be for the header connectors for CN2 and CN3, and will effect standard part numbers (listed below) and custom part numbers.

Changes for FT Controller Board
FTCS05B Shown

| Changes for Touch Screen Controller Board | | | |
|---|--|--|---------|
| Part Number | Before Change | After Change | |
| FTCS04A FTCS04A2 | CN2: Hirose DF3Z-3P-2H(20) CN3: Hirose DF3Z-2P-2H(20) | CN2: Hirose DF3E-3P-2H(20) CN3: Hirose DF3E-2P-2H(20) | |
| FTCS04B FTCS05B | CN3: Hirose DF3Z-2P-2H(20) | CN3: Hirose DF3E-2P-2H(20) | |
| Part Numbers Effected by Change | | | |
| FTCS04A | FTCS04A2 | FTCS04B | FTCS05B |

Notes

- There are no changes to the receptacle connector or socket that connects to the header connector.
- Contact the factory if further details are needed.

Effective Date

Changes to FT Series Touch Screens Controller Boards will be effective August 2017.
